

Products that are suitable for VEGAN diets

Dear Customer,

This is a list of M&S products that are suitable for vegan diets. These foods have been produced under controlled conditions to prevent any cross contamination.

This list of products has been divided into different food categories (such as bakery, meals and groceries) to make it easier to navigate through our ranges. This list does not contain categories such as basic fruit and vegetables, as these are the unprocessed raw products, or foods served at our fresh counters or and cafes due to the risk of cross contamination. Any of our M&S staff will be able to help you find products from this list in our stores.

These lists are updated on a monthly basis to capture new products and recipe changes. You can request a new list directly from nutrition@marksandspencer.com or download your own copy from www.marksandspencer.com/health
